First Electric Cooperative Internship Students Program 2025

Description

Join the First Electric Cooperative Internship Students Program in 2024 and be part of an innovative and dynamic team in the energy sector. This internship offers students the opportunity to gain hands-on experience, contribute to cooperative projects, and develop skills crucial for a successful career in the electric utility industry.

Responsibilities

- **Project Support:** Assist in various projects related to power distribution, renewable energy, and infrastructure development.
- **Field Assistance:** Participate in field inspections, maintenance activities, and the installation of electrical equipment.
- **Data Analysis:** Engage in data collection, analysis, and reporting to support decision-making processes within the cooperative.
- **Customer Service:** Provide support to cooperative members, addressing inquiries and providing information on energy programs.

Qualifications

- Currently enrolled as a full-time student in an accredited undergraduate program.
- Pursuing a degree in electrical engineering, energy management, business, or a related field.
- Strong academic performance with a minimum GPA of 3.0.

Experience

- Previous coursework or internship experience in the energy sector, electrical engineering, or a relevant field is advantageous.
- Familiarity with power distribution systems, renewable energy, or cooperative principles is a plus.

Skills

- **Communication:** Excellent written and verbal communication skills.
- **Technical Skills:** Basic understanding of electrical systems and energy concepts.
- **Teamwork:** Ability to collaborate effectively with diverse teams in a cooperative environment.
- **Adaptability:** Flexibility to navigate various tasks and responsibilities within the energy industry.

Job Benefits

- **Industry Exposure:** Gain practical experience in the electric utility and cooperative sector.
