## Power Finance Corporation Summer 2025 Internship Program For Graduate

### Description

At Power Finance Corporation, our internships are designed to provide students and recent graduates with hands-on experience in the power and finance sectors. Interns are an integral part of our team, working closely with experienced professionals on projects that have a real impact on the nation's power infrastructure. Our internships typically last for a duration of 8-12 weeks, providing you with a comprehensive understanding of the industry.

### Responsibilities

As a PFC intern, you won't be fetching coffee or running errands. You'll be given meaningful tasks and responsibilities, such as:

- Financial Analysis:** Analyze financial data to support investment decisions and risk assessment.
- Project Evaluation:** Assist in the evaluation of power projects, assessing their feasibility and viability.
- Market Research:** Stay updated on industry trends and prepare reports on market dynamics.
- Policy Analysis:** Contribute to policy research and its implications on the power sector.
- Team Collaboration:** Collaborate with cross-functional teams to drive project success.

### Qualifications

To be considered for a PFC internship, you should meet the following qualifications:

- Enrollment:** You must be enrolled in a bachelor's or master's program in finance, economics, engineering, or a related field.
- Academic Excellence:** A strong academic record with a focus on relevant coursework.
- Analytical Skills:** Ability to analyze data and derive meaningful insights.
- Communication:** Strong verbal and written communication skills.
- Adaptability:** A willingness to learn and adapt to a dynamic work environment.

### Experience

While prior internship experience is not mandatory, it is certainly a plus. Candidates with previous exposure to the finance or power sectors will have an advantage during the selection process. However, we welcome fresh talent with a strong passion for finance and power.

### Skills

During your internship at PFC, you will have the opportunity to enhance various skills, including:

- Financial Modeling:** Gain expertise in financial modeling and analysis.
- Industry Knowledge:** Develop a deep understanding of the power and
